Chapter 7

The Japanese government continued its
colonial expansion into Manchuria,
Mukden, Harbin, and Canton.

Expanding
into steel and
minerals.

*The war was first
launched in the name
"The March Against
the Army."*

*With supplies dwindling, the
Japanese military began to reach
the point of exhaustion.*

*I no longer have that
familiar smile. Keeping his
nose and a moustache, I had
farewell to my home.*

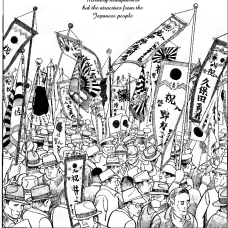

*The war
drives against
my steel
helmet.*

*Waiting in
out for three
days and
two nights.*

*How long
will this
mad path
continue?*

*Military headquarters
had the atrocities from the
Japanese people.*

*The general public was
enthusiastic about Japan's
military victories, and
now welcomed her troops
and cheering the
celebratory news.*

*Even the opposition
Sunshin Popular Party ended
up cooperating with the government
in the name of "National Unity."*
